

Project HIRE and Subsidized Employment Funding Opportunities

Information Session on available funding opportunities for employers

THURSDAY, MARCH 25, 2010 + 8:00 – 9:30 AM + WORKFORCE ONE OF CLERMONT COUNTY

Employers expecting to hire in the next several months have an opportunity to obtain funding up to 50% of a new hire's salary. Please join us for an information session to discuss Project HIRE and Subsidized Employment funding opportunities.

Project HIRE (Hometown Investment in Regional Economies) is a state initiated program designed to help connect employers who have job openings with potential workers who may have, or are close to having, the necessary skills to fill those positions. Funding includes up to \$6,000 per dislocated worker for on-the-job training, classroom instruction, or a combination of both.

Subsidized Employment Program allows payments to employers to help cover the costs of wages and medical benefits (up to 50% of salary) through September 30, 2010 for new pre-qualified employees. The earlier a company takes advantage of this program, the larger benefit the company could receive.

The Clermont County Office of Economic Development is pleased to have speakers John Spencer from the Ohio Department of Development and Cathy Sahlfeld from Workforce One of Clermont County to present detailed information on the application process, pre-qualification of dislocated/unemployed/underemployed workers, necessary follow-up documentation, and to answer any questions you may have on the programs.
